Homecoming

Everything started out slowly, but by the end of the week the intensity was everywhere. Students, teachers, parents, and the whole football team were set for the big homecoming game. The only thing missing was the Leo football team. The Blazers went all out and again success was ours. Homecoming was great with a 25-0 victory over the Leo Lions. Battle of the classes was truly a battle. The results of the week were the dominating seniors on top, with the sophomores following in second place. Behind them were the juniors and freshmen. It was a hard week for all of the classes to concentrate on schoolwork. Each class had their plans, including tricks and jokes to play on other classes. Accepting the Challenge was the best way to have it for Eastside High School.

NEW

Over the course of the past year, there were many new faces at Eastside. They were not the faces of new students, but that of hard working construction men. One of the projects these men built at Eastside was a brand new junior high section. This "new wing" includes a new hallway to keep junior high students separated from high school students, several new junior high classrooms, a new junior high office, and a new junior high gym. The gym, which is used for junior high physical education classes and games and also has a wrestling practice room. This new area is a welcome addition to Eastside, and junior high students look right at home as they walk down the hall to their new classrooms.

Exchanging

My name is Marina Gamez de Frutos from Granada, Spain. I came to Fort Wayne August 14 after a bad time in O'Hare airport in Chicago where I lost my luggage and my plane so I spent the night in the airport by myself without knowing the language. I came with Rotary Club so I had three host families.

My first host family Ted and Debbie Miller, I had a great time with and met a lot of people. They gave me the opportunity to take a trip to Arizona, Nevada and many others in March. They me helped with the language. A week after I came, school started. That was hard for me because the schools here are different from those in Spain. We spent all day with the same class and teacher and here we go around to different classes. You call the teachers by their last name and in Spain, we just use their first names. And we don't have lockers. The locker was my first trouble in this school. I couldn't open it for two days. At Eastside I met another exchange student from Spain. We went to a lot of football games.

Another great experience was to be selected for homecoming court. After winter was coming and I started going to Mrs. Villavicencio's class to help students with their Spanish, I really liked to do it. The basketball season started and I had the experience to play for the Lady Blazers team. I tried to learn how to play American basketball (in Indiana) but I had so much fun. Every Friday and Saturday I went to support the Eastside Blazer team, I saw the Hoosier Hysteria. The best game was before Christmas Eastside verses Dekalb. We beat them. For this time I was with my second host family, Pete and Flenna Rubalcaba. It was hard to move away from Miller's but I had a great time with Rubalcaba's. During Christmas they took me to Chicago and that's when I started to get a little bit homesick, but just for a while. When Christmas came the telephone bills were expensive, \$300 I was almost broke. In March, I moved to my third host family, Judy and Virgil Sanders. It was hard but I couldn't realize how fun I

could have with them. We took trips and I had alot of experiences. Now a week before graduation, I'm very excited. Excited because we don't have graduation in Spain.

I have three weeks left before I go back home and I don't feel like I want to go. But I have to do it, but I'll come back I promise. A few special thanks to my counselors Randy and Sally Bercaw, the Butler Rotary Club because of their host I'm here. To my three host families, to all members of the Spanish Club. I want to also say thanks to everyone with the Eastside office, all teachers, and especially Mrs. Hollabaugh, Mrs. Bowman, Mrs. V, Mr. Willard and Mr. Wicker. All coaches especially Mr. Fleming. Thanks for taking me this year at Eastside and making this year the best year of my life. Good luck to all seniors, class of 1991. I'll see you very soon.

Marina

Cultures

Hi guys! My name is Ana and I'm from Madrid, Spain. Being an exchange student at Eastside this last year is the best experience of my life. I came with the AYUSA program and I stayed with the Hite family the whole time. They are Mike, Crystal, Connie, Kevin, and Carol. I really enjoyed being with them because they are a nice family. We traveled a lot so I could learn all these new things about the country. We went a couple of times to visit Connie in Washington D.C., to Dallas, Texas for the cheerleading competition, to Florida for spring break, to Chicago a couple of times, to Michigan to snow ski, and I enjoyed each trip.

This year in school has also been unforgettable. The people are really nice, very friendly, and they treated Marina and me pretty good. In fact, one of my best memories is when they chose me as their homecoming queen. I felt that I was accepted.

I enjoyed playing basketball on the varsity team. That was great and I learned a lot. I had played basketball before, but never taken so seriously. Now I want to thank the whole team and both coaches

for their patience and understanding towards me.

I also enjoyed softball, It was pretty exciting because I never played before. I started from the beginning. It was really fun I liked softball. Everyone taught me something new and I even hit the ball sometimes. Thanks to everyone on the team and coaches Drotar and Willard because they made me have a great time. I also got my driver's license here in America, but don't worry it was just a few days before I left. So I can hopefully transfer it for a Spanish one. In Spain we have to be 18 to drive.

Well now it's time to say goodbye but I want to first say thanks to my family, the Hites, my teachers, and especially Mr. Willard, office people, my teammates, Marina, and all my friends and classmates and everyone at Eastside. You made this year wonderful for me. Thanks I'll never forget any of you. I'll love all of you forever.

Ana Rodriguez Cesteros
P.S. you are all welcome to come to Spain and visit me.

Working

Many students at Eastside have jobs. They work for a lot of different reasons — to buy a car, to pay for college, and to have spending money. Whether it's working at a fast food restaurant or being a cashier at a grocery store, Eastside students are learning the value of hard work and the value of money.

XPLORING

their future

During the first nine weeks, the nine exploratory teaching students were in the classroom learning about the different types of personalities and attitudes of children. They also were taught how to present activities to the kids so that they would better understand the lessons. To start the second nine weeks, they took a tour of Butler Elementary and learned where their classes were located. On October 4th they entered the world of teaching for the first time.

At second semester, they changed teachers in order for them to experience different types of teaching methods. Each exploratory student was responsible for a variety of jobs such as grading papers, putting up bulletin boards, and organizing different workshops. The exploratory teaching have learned a great deal about children and the difficulties of teaching.

Shuffling cards, Tracey Miller explains to three second graders the rules of a board game.

Passing out paper plates, Robin Fee begins an exercise for her second graders.

Stapling pictures, Elizabeth Capp puts up a Thanksgiving bulletin board for her first graders.

Exploratory teaching student Kelli Bowyer helps Mrs. Miller at Butler Elementary School with her third grade students. Kelli helps the students with their assignments, puts up bulletin boards, and sometimes just listens to the kids when they need someone to talk to. When asked how she likes being called "Miss

Bowyer," she said that it was hard to get used to at first, but now she thought it was kind of neat. Kelli said that at the beginning of the year she was unsure if she wanted to become a teacher, but after she started working with the kids, she now knows that she wants to be a teacher.

The Future . . .

Is Theirs.

Hard work pays off for these two.

Lori Andrews works very hard in graphic arts.

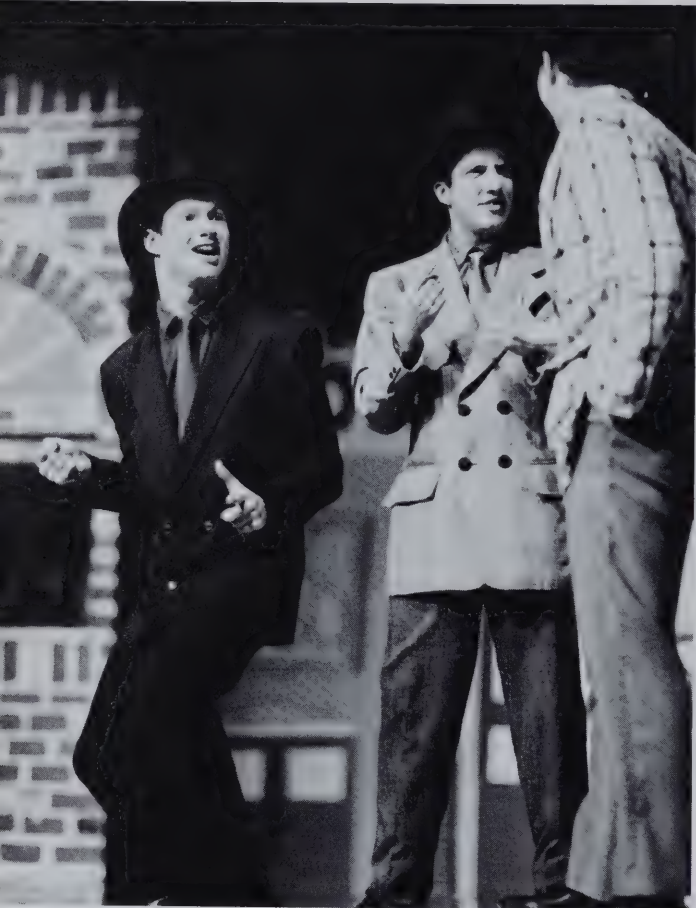

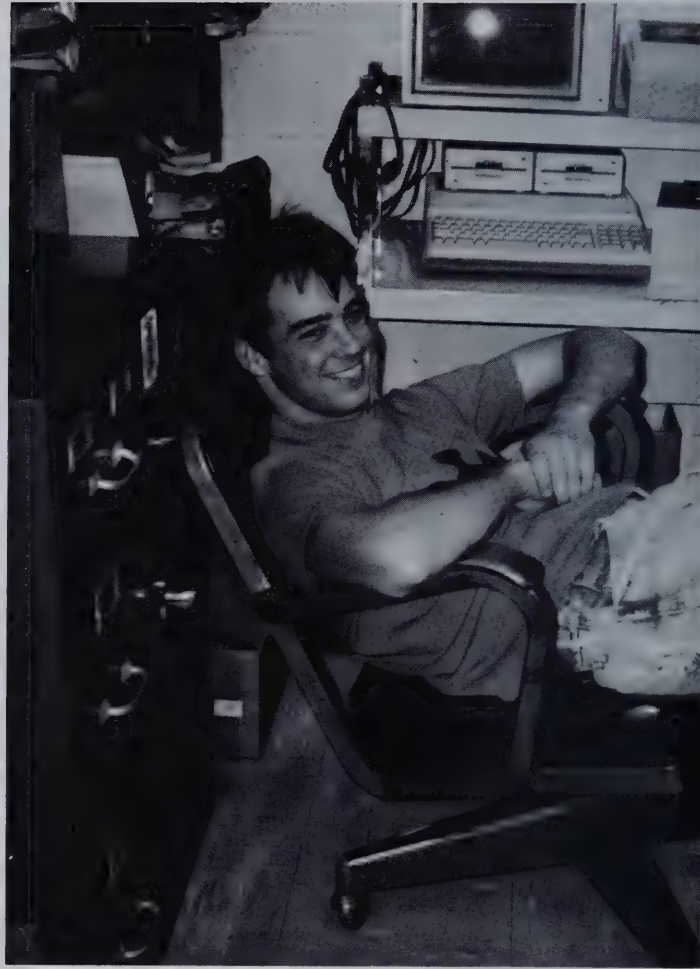

Dave Fiig and Brad Dangler try to see who can take the bigger bite.

Linda Roose studies the ham at the senior Christmas dinner.

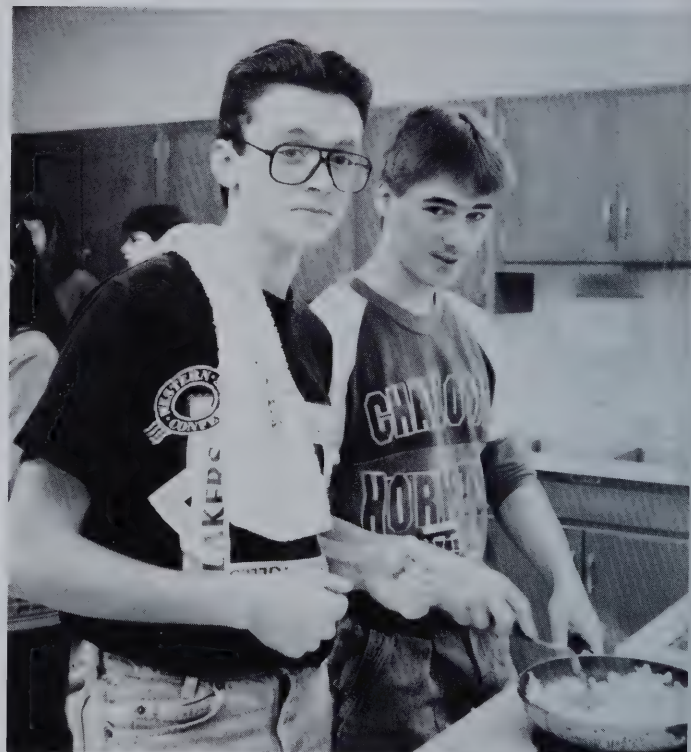

This is Jeff Washler's favorite pastime, lounging around in Sam's chair.

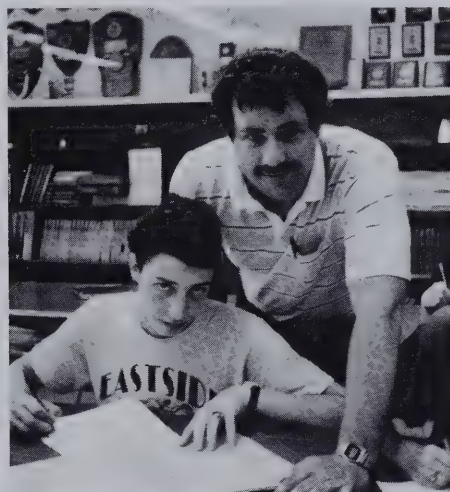

Lori Andrews reflects back on her great times at Eastside.

Guys and Dolls was a big hit at Eastside, thanks to these actors.

Andy Ray and Donny Cooper don't like anyone "burning" on their cooking skills.

top — Student Council Seniors work hard counting ballots for student elections.

middle — Mr. Reinoehl (Sam) helps Matt Snyder broaden his horizons.

above — Angie Shelton enjoys a quick snack before class.

left — Scott Barnett is pretending to be a bully so no one steals his lunch money.

Mutt Harris demonstrates his expertise in dough tossing.

Shannon Hunter attracts the attention of these seventh graders and of our photographer.

"What in the world are they doing?!"

Tim Nelson tries to further his education, but David Likens is bent on distracting him.

Brian Graves smiles when Mr. Reinoehl informs him that it's about time for lunch.

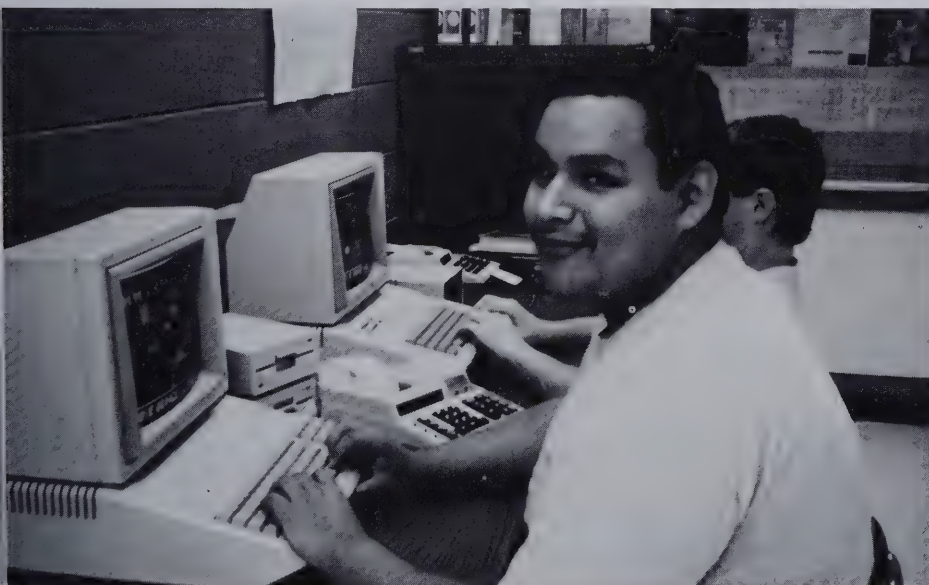

Kim Beard got a little hungry in art class and couldn't find any silverware.

These seventh graders show just how fun cooking can be.

Once again, Carol Hite had to be different; she couldn't just sit on the stool like the rest of us.

Alex Ramon takes time out to play a game of Falcons.

Three-peat

We entered the 1990 football season with a lot of questions that needed to be answered. As the season progressed, the answers to those questions came and they were positive.

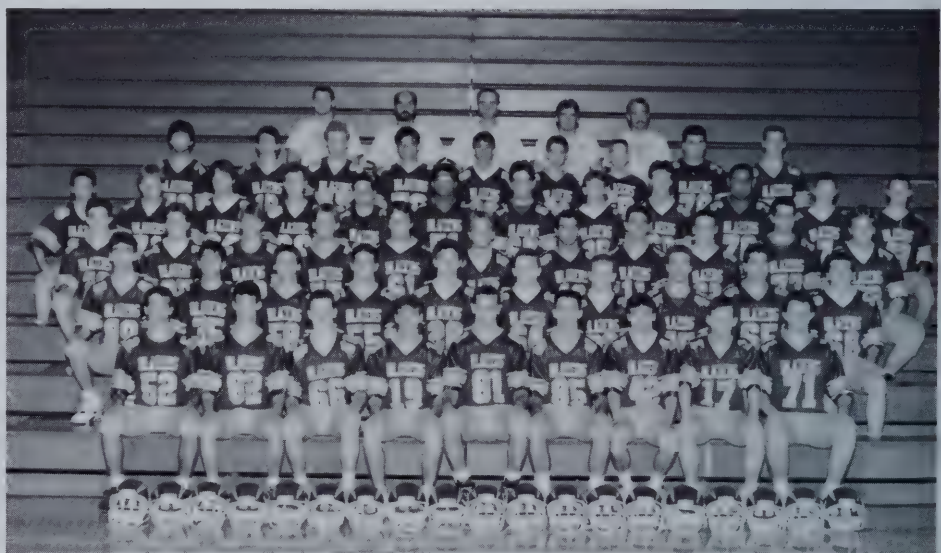

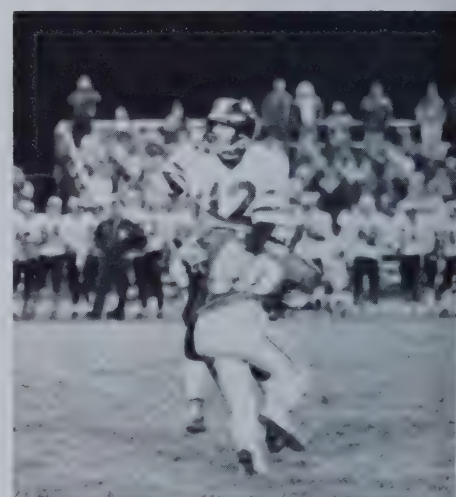

The biggest of these questions, however, was could the 1990 team still win despite having only two veteran seniors and three first year seniors leading the squad? Having lost so many players from the 8-1 squad of 1989, most people believed that this season was going to be a rebuilding year for the young Blazers. So, the coaching staff and players took it as a personal challenge to prove that we could win, that we were a quality football team, and that we could continue the tradition that has grown over the last five years.

The "Challenge was Accepted" and the successes of the season speak for themselves. We went 8-0 in the regular season, won our 16th regular season game in a row, won our 20th regular season conference game in a row (last regular season conference loss was to Fremont in 1987), and we won our 3rd consecutive NECC title. We had our name in the paper all season long as one of the top 2A teams in the state. We finished the regular season ranked fourth. Our young players

with quality leadership from a hand full of seniors responded tremendously.

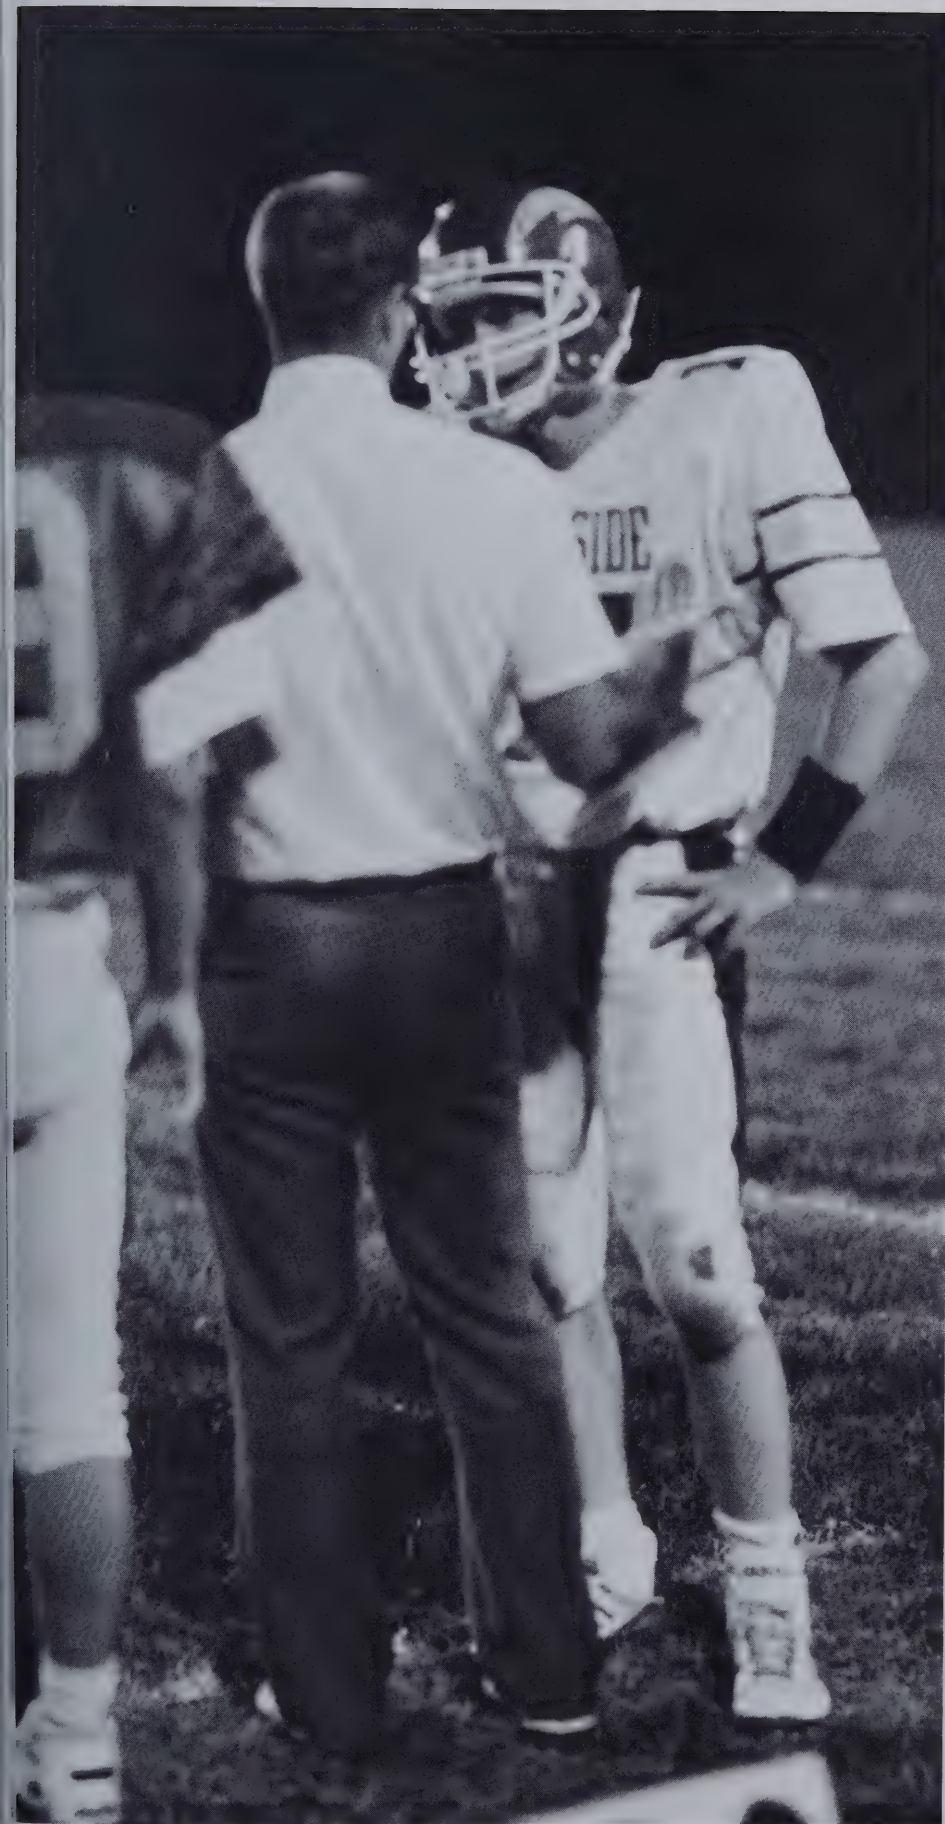

To our 1990 seniors we say "good luck," and "thanks!" We would not be where we are today without you and the many others before you.

OLLEYBALL

The Lady Blazers 1990 volleyball season was filled with accomplishments and some disappointments. During the summer, seeing the young team develop, we knew we would have to work hard. I think that every team member would agree that we met the challenge head on, and we never gave up. Even though our record didn't show a winning season, we had the ability and the desire to succeed. We didn't have much experience, with only two returning varsity players, but by the end of the season, we had gained a lot. Every girl improved, and we learned more than we ever expected to. The team developed individual strengths and team unity that will be an asset next year.

It was hard for us to be as good as we wanted to be because of in-

consistent coaching. We have had a different coach every year since Mary Hollabaugh and I were freshmen. This year we had yet another new coach, Laura Carpenter. I'm sure that every player would agree that she is the best we've ever had. She is a wonderful person, an excellent coach, and we all think the world of her. Throughout the season, she never once lost her cool with us, even though at times we deserved it. I learned more this year than I did in the other three combined, and I feel that I owe it all to Laura. On behalf of the team I'd like to say THANKS FOR EVERYTHING LAURA — WE LOVE YOU! Also, good luck to next year's team. You have the talent and we know you can do it!

Expect The Unexpected

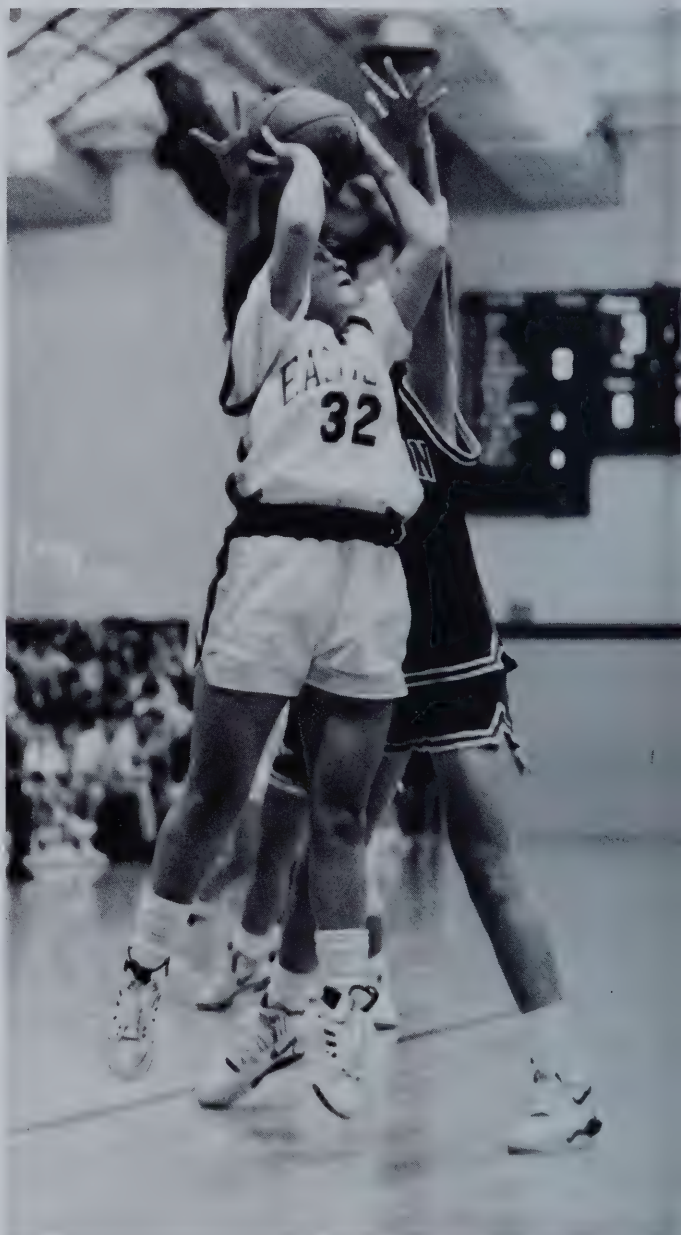

Before the season even started, everybody (including the coaches of the other teams) had written Eastside off as an easy victory. Everybody thought that any talent that Eastside had last year graduated. However, we knew what we were up against, and we knew what it was going to take to rebuild our team. Through lifting weights all summer long and conditioning hard before season, we were prepared to face our tougher opponents and win. Our motto was "Expect the Unexpected" and anyone who watched us play would know why. When everything would seem like it was going wrong, someone on the team would pull us through. And even though we didn't win all the games that we played, we proved to everyone and most importantly to ourselves that giving it everything you got is all that really matters in the end.

Something To Believe In

The 1990-1991 season was a successful, yet difficult one for me as a coach. Although we were winning the first month of the season, I knew something was wrong. Every great team needs talent to win, but talent alone can give no guarantees for victory. There is something else, an "X Factor" that makes championships a reality. That night at Prairie Heights, it was simply a case of a team, faced with adversity, reaching down inside to pull together as a "Team" and overcoming adversity and then going on to have an outstanding season.

This year's wrestlers made East-side one of the best.

Learning The Game

The 1991 Eastside baseball team was quite young. Losing most of the infield, Eastside went into the season with a lot of inexperienced players. Through hard work and determination, the baseball team worked out most of the kinks and had a successful season. Losing only a few seniors this year, the players are looking forward to a bright future.

Dear Graduate:

You have spent many years and countless hours studying the basic laws of nature and science that govern our universe, and the laws of business, society and government which govern our human relationships in order to be prepared to meet the challenges of life. Your success in meeting those challenges will largely be determined by how well you are able to function within the framework of these laws.

However, perhaps in your quest for knowledge and understanding you have ignored the most important laws of all: the eternal, unchangeable laws of God that not only govern the degree of happiness with which we will enjoy life, but will determine our eternal destiny. It is only as one understands and accepts these spiritual laws that the basic questions in life can be answered — WHO AM I? — WHAT IS MY PURPOSE IN LIFE? — and WHAT IS MY DESTINY? These laws are presented for your consideration and examination in the hope that you will find, as we have, the abundant and eternal life that is available in Jesus Christ.

Sincerely — AMBASSADOR STEEL CORPORATION

Daryle L. Doden, President Ryan L. Hoover, secretary Richard C. Ripberger, Vice-President
Bruce S. Holwerda, Treasurer

LAW ONE: God LOVES you, and Offers a Wonderful PLAN for Your Life.

"For God so loved the world, that He gave His only begotten Son, that whoever believes in Him should not perish but have eternal life." — John 3:16.

"I came that they might have life, and might have it abundantly." — John 10:10

LAW TWO: Man is SINFUL and SEPARATED from GOD.

"For all have sinned and fallen short of the glory of God." — Romans 3:23.

"For the wages of sin is death." — Romans 6:23a.

LAW THREE: Jesus Christ is God's ONLY Provision for Man's Sin.

"Christ died for our sins ... He was buried ... He was raised the third day, according to the Scriptures ..." — I Corinthians 15:3-6.

"Jesus said to him, 'I am the way, the truth, and the life; no one comes to the Father, but through Me.'" — John 14:6.

LAW FOUR: We Must Individually RECEIVE Jesus Christ as Savior and Lord.

"But as many as received Him, to them He gave the right to become the children of God, even to those who believe in His name." — John 1:12.

We must receive Christ through Faith "For by grace you have been saved through faith; and that not of yourselves, it is the gift of God; not as a result of work that no one should boast." — Ephesians 2:8-9.

We must receive Christ by personal invitation "Behold, I stand at the door and knock; if any one hears My voice and opens the door, I will come in to him." — Revelation 3:20.
